Please include your donation payment with this completed form. Make checks payable to: FRIENDS of RIVERSIDE PARK FOUNDATION and send form and funds to 2026 Barnabee Road, La Crosse, WI 54601

Use the grid above for tiles 12" by 12" or smaller. Use a separate sheet for inscription designs that exceed the 14 characters / spaces or the 8 lines as shown on the grid. **A grid square is required for EACH letter, digit, punctuation mark or space.** Each tile can be customized for your donation. These granite tiles can memorialize or recognize an individual, family, company, group or organization. A company or organization logo can be inscribed on any tile at the \$2,000 level or above.

Paver and/or bench placement location is at the discretion of the contracted installer with guidance from the Friends of Riverside Park Foundation.

Your Donation Amount	Paver / Tile Color OR Park Bench	Inches Wide	Inches High	
\$50,000	Sierra White	36	24	Max of 45 characters or spaces per line & a max of 18 lines. Upper & lower case letters and logos okay.
\$25,000	Mahogany	24	24	Max of 30 characters or spaces per line & a max of 18 lines. Upper & lower case letters and logos okay.
\$10,000	Mahogany	18	18	Max of 22 characters or spaces per line & a max of 14 lines. Upper & lower case letters and logos okay.
\$5,000	Mahogany	18	12	Max of 22 characters or spaces per line & a max of 8 lines. Upper & lower case letters and logos okay.
\$5,000	Six Foot Band Shell Park Bench	SEE OTHER SIDE OF FORM for Inscription Details for Park Benches: NO LOGOS, NO CLIP ART!

BENCHES: There are 98 benches available for sponsorship. These are new benches and will be installed behind the existing benches. Placement of new benches within this new bench area is final, permanent and at the discretion of the installer and no specific bench location can be guaranteed. The older, already installed benches, ARE NOT available for sponsorship. Logos CANNOT be done on benches.

FOR BRICK PAVERS ONLY: The preferred logo artwork is Black and White Vector Art. Vector Art files should be exported from the program they were created in as an eps file. Illustrator files saved as .ai files usually import directly as well.

FOR BRICK PAVERS ONLY: If Vector Art is not available then a good quality Black & White pdf or jpg image will work. Shading or gradients cannot be done with sandblasting which may require alterations to the original artwork. **All inscriptions and logos will be centered on all tiles as best as possible.**
